Dear Dana, Greg, and Ava,

Thank you for your fast review of this important letter. I appreciate your thoughts about "must" vs "should." We agree with Greg's comment that "using 'must' makes the data requirement clear for enabling EPA to complete the review," so we moved ahead with "must." Attached is the signed letter we sent to the Navy today. For your reference is the original letter we received from the Navy 3/15.

Thank you again.
